

Features and Benefits

Discover the freedom you desire and create a meaningful life... Freedom to live life on your own terms

As an Associate you get to be your own boss, set your own hours, choose your own level of success and work your business around your own priorities.

Our business is founded on the philosophy of people helping people to make lives better: helping them improve the quality of their lives.

This begins with supporting people in their personal development and wellbeing as well as helping them to expand their financial possibilities.

- Initial and on-going training opportunities
- A product range that more and more people are actively looking to purchase
- A product range that people continue to purchase
- Work from home part time or full time around your personal commitments
- No boss to answer to!
- Low start-up cost, no large capital investment to get started
- Percentage mark-up (i.e. your profit) on sales of between 30 and 50%
- Commission payments based upon the turnover of those you refer
- A simple business that anybody can do
- Neither you nor your associates need to be experts in nutrition or beauty
- Be your own boss
- Decide on your commitment and therefore on the level of your income
- Decide when, where, and with whom you are going to work
- Decide what to wear for work
- Work in pleasant, familiar surroundings—in your own home
- Spend time with your family at any time
- Become successful by helping others
- Choose your own hours
